PANCA WINS GOOD DESIGN AWARD

PANCA WINS GOOD DESIGN AWARD

For the third consecutive year, the Chicago Athenaeum: Museum of Architecture and Design attributed a Good Design Award to Guialmi. The recipient of the award was the PANCA seating system for reception areas, designed by the Italian studio, Favaretto & Partners. After the ORIGAMI system and the MARCIANA shelving for libraries, this product, dedicated to the equipment of waiting and reception areas, won the prestigious award.
